

PROGRAMME REPORT FOR THE YEAR ENDING 30th JULY, 2017

PROGRAMME REPORT BY THE SECRETARY DURING PFCC-U ANNUAL GENERAL ASSEMBLY (AGM)

DATE: 22nd September, 2017

OPENING REMARKS

Hon. Members, Development partners, ladies and gentlemen, I salute you all and welcome you to the Second PFCC-U AGM of the 10th Parliament. In the same spirit, I thank God for the good health throughout your stay in the 2017 and continuous commitment and passion towards Parliamentary Forum on Climate Change-Uganda (PFCC-U work).

Hon. Members, on behalf of the Executive Committee and PFCC-U as a whole, I have the honour and pleasure to present to you the programme report for the year ending 30th July 2017 (2016/2017). This report follows the last Annual General Assembly (AGM), held on Friday, 30th/June/2016 at Imperial Royale Hotel.

Hon. Members, allow me to share a summarised programme narrative reports. The detailed activity and quarterly narrative reports are duly filed at the Secretariat for your perusal and usage.

1.0 INTRODUCTION

The Parliamentary Forum on Climate Change-Uganda (PFCC-U) was formed in 2008 by Members of the 8th Parliament to respond to the pressing environmental, social and economic issues presented by Climate Change. To meet modern corporate governance and management practises, PFCC-U is fully registered with Registrar of Companies under Companies Act, as a company limited by guarantee and not having share capital on 9th/04/2009 under Registration Number 10792, the Parliament of Uganda, as well as registration with Uganda National NGO Board, under Registration S.59914/12463. Being among the first Parliamentary forums on climate change in Africa, the forum has influenced parliamentary climate change dialogue and reforms in many regions of the continent. PFCC-U provides a mechanism through which Uganda can strengthen linkages between the parliamentarians, executives, the academia and civil society on climate change and related challenges through representation, legislation, budget allocation and oversight.

1.1 Vision

The Forum's Vision is A prosperous and climate change-resilient Uganda

1.2 Mission

To ensure proactive and coordinated actions from all stakeholders so that most vulnerable sectors of the economy are climate proofed and sustainable development is achieved

1.3 Goal

To ensure effectiveness in policies and actions for harmonized and coordinated approaches towards climate change resilience and sustainable development in Uganda

1.4 Objectives of PFCC

- i) To promote the climate change agenda in Uganda
- ii) To provide leadership on climate change in Uganda
- iii) To empower the Ugandans and parliamentarians to understand the agenda for climate change

1.5 Core Values

- i) Integrity
- ii) Competence
- iii) Sensitivity to climate change
- iv) Strong sense of accountability to the nation
- v) Team work

2.0 STRUCTURE OF THE FORUM

The Forum's structure is classified into major six categories. These are Natural Resource and other Committee of Parliament, General Assembly, Advisory Board made up of (Patron-Speaker of Parliament and the Board of Trustees), the Executive Committee and the Secretariat.

The elected Executive Committee, comprised of (Nine) 9 members to oversee the smooth running of the organization are:

S/N	NAMES	Constituency	Title
1	Hon. Biyika Lawrence Songa	Ora County-Zombo District	Chairperson
2	Hon. Anifa Barigaana Kawooya	Woman MP Sembabule District	Vice-Chairperson

3	Hon. Byarugaba Bakunda Alex	Isingiro District	South-Isingiro	Secretary
4	Hon. Yeri Apollo Ofwono	Tororo Municipality-Tororo District		Treasurer
5	Hon. Kunihira Agnes	Workers Representative		Secretary for Mobilization
6	Hon. Gordon Bafaki	Kazo County-District	Kiruhura	Representative Western Region
7	Hon. Akurut Violet Adome	Woman MP Katakwi District		Representative Eastern Region
8	Hon. Lamwaka Margret	Woman MP Kitgum District		Representative Northern Region
9	Hon. Dr. Keefa Kiwanuka	Kiboga East-Kiboga District		Representative Central Region

2.1 The Secretariat

The Forum has full time secretariat responsible for the day to day work of the organization. These are:

S/N	NAMES	TITLES
01	Christine N. Kaaya	Programme Coordinator
02	Nicholas Carpenecus Businge	Programmes Officer
03	Brenda Tuhirwe	Finance and Administration Officer
04	Gayatri Vurun	Volunteer for 5 month (March-August 2017)

3.0 PROGRAMME FOCUS

3.1 Programme Performance Highlights. During the period (2016/2017) the following activities and interventions were undertaken:

- a) **Capacity Building for MPs on Carbon Development Mechanisms (CDM) and New Mechanisms.** This was achieved through;
 - i) Participation and Representation of PFCC-U in International Renewable Energy Conference in Kigali Rwanda on 28th to 30th June 2016. This availed members information on key developments in energy technologies and other processes such as standard baselines and approaches in Renewable Energy.
 - ii) Organising of Climate Change and Renewable Energy Expo on 19th to 20th July 2016 at CHOGM Gardens, Kampala. This addressed knowledge needs and awareness campaigns for both the MPs and their constituencies on Renewable Energy, climate change financing and lobbying among others. Contacts and opportunities on Renewable Energy was also shared.

- iii) Participation of at least three MPs in Roundtable Meeting on Renewable Energy which took place in Abijan, Ivory Coast in April 2017. The meeting helped MPs to explore new Contexts and Opportunities in Renewable Energy sector.

a) Creating linkages with the climate Parliament

- i) PFCC-U together with GIZ, have continued to closely work with Climate Parliament. One such meeting on sharing practises and opportunities was held on 17th July 2017 in Parliament.
- ii) Participation of PFCC-U in COP22 Parliamentary Roundtable on Green Grid in Marrakech Morocco organised by Climate Parliament. At least, 15 MPs joined the rest of MPs across the world to reflect on Renewable Energy transition on 14th to 15th November 2016. As a result PFCC-U joined International Solar Alliance.
- iii) Participation in International Renewable Energy Agency (IRENA) Forum, in Abu Dhabi. To measure up with COP 22 priorities of addressing climate Change adaptation and mitigation through Renewable Energy Options as well as Parliamentary support to initiatives for Technology Needs Assessments for Climate Change Mitigation and Adaptation, PFCC-U through the Rt. Hon. Speaker, PFCC-U Chairperson and Hon. Aciro Lucy

b) Awareness campaigns

- i) PFCC-U organised Field Excursion on Ecosystem Based Adaptation in Kapchorwa District. Members were exposed to natural adaptation and mitigation approaches to climate change.
- ii) In partnership with Reproductive Health Uganda (RHU), PFCC-U oriented PFCC-U members on the relationship between Sexual Reproductive Health and Climate Change. In partnership with Reproductive Health Uganda (RHU), PFCC-U. Actions on population planning into climate change planning and programming was emphasised.
- iii) Joint orientation of 10th Parliament on the Relationship between Climate Change, Disaster Risk Reduction and Sustainable Development Goals was undertaken by PFCC-U, Parliamentary Forum on Disaster Risk Reduction, UNDP and ACCRA partners on 31st October 2017 at Speke Resort Hotel-Munyonyo. A position paper by CSOs was presented to the MPs outlining 10 issues to be addressed by government.
- iv) Induction and Capacity Building of MPs on Uganda's Nationally Determined Contributions of UNFCCC was undertaken at Golf Course Hotel on 19th December 2016. Agreed issues included, timely legislation on relevant climate change laws and policies as well as budgetary support towards climate change initiatives in the country.

- v) Orientation of PFCC-U members on Partners for Resilience (PFR) project Phase Two funded by Cordaid was done in Kampala. Members were able to contribute ideas on the best Project implementation practices
- vi) Capacity Building Training for MPs on Gender in Climate Change Adaptation Planning in Agriculture Sector. MPs appreciated the need of gender mainstreaming in climate change work and the need for adequate budgeting for climate change gender mainstreaming to achieve inclusive and sustainable development in Uganda.
- vii) High Level Engagement of Legislators on Pastoralism and Climate Change. This was organised in partnership with Bwaise EMLI Facility and took place at Parliament on 31st March 2017. Action points included; Members of Karamoja Parliamentary Group (KPG) to fast track the approval of the Rangeland Management Policy before addressing the Mining Act because the former would direct the latter policy implementation. Lastly, National Planning Authority (NPA) to come up with Karamoja Special Development Plan to address the unique challenges affecting the region.
- viii) Orientation of MPs on Uganda's Resilience Investment Plan. This provided an opportunity for MPs to input and guide the development of Uganda's first Resilience Investment Plan on climate change and forest.
- ix) Participation on 2017 World Environment Day. The occasion availed members a chance to share the options necessary to improve climate change resilience for the region. Additionally members learnt a number of options that can be replicated in their respective constituencies on ecosystem management.
- x) Orientation in Integrated Risk Management (IRM). The orientation which was held at Conference Hall, Parliament of Uganda acquainted MPs with Knowledge on how to adequately track IRM in Policy development processes and budgeting.

c) Participation in UNFCCC COP Dialogues

- i) Participation in Conference of Parties (COP) 22 Preparation and Dissemination Meetings. The feedback sessions gave an opportunity for every Ugandan representative on the Negotiation Committee to share a brief of what transpired during the Paris Meeting
- ii) Participation in Pre-COP22 Orientation and Induction for Delegates. The induction helped Ugandan delegates to harmonize the government Position Paper on COP22. The meeting organized by the CCD with funding from UNDP and FAO helped MPs to appreciate COP processes and organization
- iii) Participation in COP 22 in Marrakech Morocco. Among the achievements registered was the official registration of PFCC-U with the Climate Parliament and the International Solar Alliance. Others included benchmarking of national adaptation and Mitigation practices at international level that can be

replicated at constituency level as well as capacity building of MPs and staff in UNFCCC-COP processes

- iv) High Level Engagement Feedback Session on COP22 with Parliament of Uganda. PFCC-U organised a Post COP22 feedback session for the rest of MPs who did not attend the conference to be brought on board on some of the international commitments as far as climate change is concerned. Lessons and practices on climate change mitigation and adaptation as well as COP processes were shared
- v) Regional Post COP22 Feedback Sharing Session. In partnership with FAO, PFCC-U undertook two Regional COP22 Feedback sessions in Busoga and West Nile Regions, conducted in Kamuli and Zombo districts respectively. Commitments for improved climate Change Resilience in Busoga and West Nile regions by both the local leadership and Members of Parliament were made

d) Climate change policy and other legal policy approval process

- i) Participation in National Adaptation Plan (NAP) Processes. PFCC-U continue to play a critical role in the development of Uganda's NAP.
 - ii) Climate Change Bill Breakfast Meeting for Uganda. To fast track climate change legal framework, the forum was briefed on the actualization roadmap of the bill and pledged their support when tabled before the parliament at the breakfast meeting
 - iii) Consensus Building Meeting on Biosafety and Biotechnology Bill. The meeting resolved, that MPs ought to review the bill before it is passed into the law to protect and conserve the environment
 - iv) Development and Dissemination of Legislators' Handbook for Monitoring the Implementation of the Climate Change Policy in Uganda. Key policy targets and recommendations to guide PFCC-U members in climate change advocacy was generated
- e) Advocacy Activities related to the development of the climate change law, implementation of the Paris Agreement and Nationally determined contributions among others**
- i) Paper presentations. As a way of climate change lectures and generating debates, PFCC-U was involved in key note and paper presentations. For example, On 27th January 2016, PFC-U oriented Wagengen trainees in climate change through Makerere University under the theme "Local Institutions and Organizations dealing with Climate Change Adaptation"
 - ii) Participation in African Climate Change Resilience Alliance (ACCRA) Meetings. As one of the forum on the ACCRA steering committee, PFCC-U has been active in all the ACCRA meetings and engagements.
 - iii) Development of Memorandum of Understanding (MOU) between PFCC-U and National Forestry Authority (NFA). This partnership aimed

at improving PFCC-U participation in tree planting within MPs' constituencies. The Forum partnered with the DRR Forum to access he tree seedlings as it had an MOU already with NFA. There was provision of tree seedlings to MPs based on their regions which started in May 2017, in which at least 50000 tree seedlings were provided to MPs from Eastern Uganda (Busoga and part of Teso areas)

- iv) Weather Downscaling and Forecast Advocacy. Through partnership with Uganda National Meteorological Authority, PFCC-U shared with its members seasonal Rainfall outlook and forecasts. Some members accessed CDs in selected local languages to share with the local Radio Stations in Luganda, Runyakitara, Madhi, Lubwisi, Lukonjo, Ateso, Lusoga and Lugisu. .

f) PFCC-U Institutional Developments and Initiatives

- i) Staff Capacity Development. This has been achieved through staff orientation on parliamentary affairs, mentorship exposure and networking initiatives
- ii) Quarterly Executive Committee and Staff Meetings. At least three meetings were held. These meetings helped the Secretariat to share with the Executive Committee the organizational plans, budgets and other initiatives. Equally, Executive Committee Members were always briefed on the PFCC-U accomplishments and future plans
- iii) Visibility actions of PFCC-U. To this end, News Letters, Brouchners and Journals were produced. Others included the development of Watsap Group and website designs
- iv) Development of Climate Change Year Planner for MPs. As a way of creating awareness and passion for environmental and climate change issues among the MPs, PFCC-U developed and shared with MPs Climate Change and Environmental Year Planner to remind them on the key environmental events at national and international level
- v) Seasonal Greetings (Christmas and New Year's wishes). Besides, the cards had in them appeals for addressing climate change as well behavioural change during the festive season
- vi) Executive Committee and Staff PfR Induction Meeting. The induction helped Executive Committee to be introduced to Cordaid (PfR) project, its objectives and timeliness as well as approve activity plans and budget therein.
- vii) New PFCC-U Staff/Volunteer. To this end, a volunteer by the names of Gayatri Varun was admitted into PFCC-U workforce and volunteered for four months (March 2017 to June 2017)
- viii) Membership Support and Guidance. Over the period, members made numerous courtesy visits and support to the secretariat to share and seek information and technical help on climate change

- ix) Conducted External Financial Audit for 2015/2016 and 2016/2017. The exercise was successfully conducted in December, 2016 and in the auditors' opinion they had this conclusion " *the accompanying financial statements give a true and fair view of the state of financial affairs of PFCC-U as at June 30th 2016.....*" A report of the same shall be shared with GIZ immediately for GIZ use

g) Fundraising and Networking initiatives (fact Finding Missions, Participation in Donor Conferences, Development of Concepts

- vi) Progress Updates and Work plan Sharing with Development Partners. These includes; GIZ, Conservation Through Public Health (CTPH), International Union for Conservation of Nature (IUCN), United Nations Development Programme (UNDP), Dan-Church Aid, International Institute of Tropical Agriculture (IITA), Embassy of the Kingdom of Netherlands, the French Embassy, the European (EU) Delegation in Uganda, Trocair, Grantham Research Institute and individuals in the climate change Arena
- vii) Concept and Proposal development and Submissions. These were submitted to CORDAID, ACTIONAID, ACODE, ECOTRUST, DFID, Trust Africa and Conservation Fund. Out of this, a grant application was accepted by Cordaid to support PFCC-U in "Strengthening the 10th Parliamentary Legislative, oversight and representation roles in climate Change Management project" up to 2020, starting in November 2016.
- viii) PFCC-U, UNDP and FAO Partnership/ Engagement Meetings. PFCC-U shared its strategic direction and work plans for further integration in UNDP and FAO programmes. The partnership facilitated COP22 Feedback with the Parliament, the Eastern and Northern Region Communities which also enabled the Forum to outreach to local communities. The field studies also enabled members to identify climate related vulnerabilities in the respective regions.
- ix) Joint fundraising among PFCC-U, Parliamentary Forum on Disaster Risk Reduction (DRR) and Parliamentary Forum on Sustainable Development (SDGs) on activity based was done
- x) Partnership meeting with International Energy Charter (IEC). Reflections on the work of Energy Charter and how PFCC-U can be accredited as an observer to the Charter as well as available opportunities were shared
- xi) GIZ-PFCC-U Exit Planning Meeting. It was agreed that networking and partnership between GIZ and PFCC-U should go on through activity based support, capacity building and references in fundraising and resource mobilization
- xii) Participation in Parliament Public Week. The forum was able to acquire proposals to improve on the forum's service Provision. Similarly, some members were also linked to service providers in briquettes making, water harvesting and irrigation as well as solar equipment.

4.0 KEY DEVELOPMENT PARTNERS AND FUNDERS

The above foregoing activity implementation and interventions were made possible with the financial and technical support and collaboration of the following partners;

- i) German International Cooperation (GIZ)
- ii) CORDAID Netherlands
- iii) United Nations Development Programme (UNDP)
- iv) United Nations Food and Agriculture (UNFAO)
- v) International Union for Conservation of Nature (IUCN)
- vi) Climate Change Department (CCD)
- vii) EMLI-Bwaise Facility
- viii) Participatory Land Use Management (PELUM)

5.0 PFCC-U CURRENT ALLIANCES

The following are the current relevant partnerships:

- i) African Climate Change Resilience Alliance (ACCRA). PFCC-U is a committee steering organisation/member, which acts as its governance body.
- ii) UNMA. PFCC-U is a downscaling and information dissemination organisation
- iii) Ministry of Finance, Planning and Economic Planning. PFCC-U is a committee of Natural Designated Authority for Climate Financing
- iv) Ministry of Water and Environment, particularly Climate Change Department (CCD). PFCC-U receives information materials on climate change developments. Secondly, accreditation to international meetings and engagements such as Conference of Parties
- v) National Forest Authority (NFA). PFCC-U is partnering to access free tree seedling to its members as a carbon sink storage mechanisms
- vi) PFCC-U is a member in the development and implementation of National Agricultural Adaptation Plans
- vii) Climate Parliament, a legislators' network working worldwide to combat climate change.

6.0 ACHIEVEMENTS AND SUCCESSES DURING THE GRANT PERIOD

The grant period registered number of achievements and success;

- a) **Increased partnerships and Networking between PFCC-U** and other CSOs and government agencies. For instance, strong working relationship between Climate Change Department (CDD), Ministry of Water and Environment, NFA and Uganda National Meteorological Authority (UNMA). Besides, CSOs, such as IUCN, PELUM among others continue to engage PFCC-U on policy and legal issues related to climate change and environment.
- b) **Increased activity based interventions.** The grant period has witnessed number of activity based financial support from both national and international organizations. For

instance, orientation of MPs on climate change, disaster risk reduction and sustainable development goals was funded by UNDP and ACCRA partners. Other support came from FAO. As a result, climate change agenda is gaining ground in Parliament.

- c) **Signing of Contract between PFCC-U and Cordaid.** As noted earlier, PFCC-U recently signed project contract with Cordaid for one year to implement project on “Partners for Resilience Phase 2” in Uganda. This project will fast track climate change bill development in the country as well as ensure its effective implementation to adequately regulate climate change plans, budgeting and programme in Uganda.
- d) **Membership with Climate Parliament and international Solar Alliance.** Following successful registration and induction of PFCC-U by Climate Parliament, PFCC-U is now a full member of Climate Parliament and has been playing a key role in the operations of the Green Grid Alliance and International Solar Alliance within the East African Region after hosting the bilateral meeting with the Minister of Environment and Climate Parliament
- e) **Integration of PFCC-U work into Pan African Parliament (PAP).** PFCC-U’s engagements in COP22 were fed into the Pan African Parliament (PAP) work based on the networking resolutions by the two entities. The Ugandan Parliamentarians from PAP represented by Hon; Amongin Jacqueline, Prof Ogenga Latigo, Kawooya Anifa, Okot Ogong and Babirye Veronica picked a lot of lessons to direct PFCC-U strengthening and further PAP Discussions on Climate Change.
- f) **Evaluation of DanChurchaid Strategic Plan.** With representation of four PFCC-U Executive Committee Members, PFCC-U participated in the evaluation of Dan Church Aid strategic Plan on 2nd November 2016. The evaluation provided an entry point for future engagements and partnership with policy makers, particularly PFCC-U as a key stakeholder in climate change interventions in Uganda.
- g) **Issuance of Certificate of Implication and Approval of Principles on Climate Change Bill:** Following the development of the Principles of Climate Change Bill, Ministry of Finance, Planning and Economic Development issued CCD with Certificate of Implication signifying a positive in the formulation of the bill. Consequently, on 7th June 2017, the Cabinet equally approved the Principles to the Bill. This has opened the gates and opportunity for stakeholder consultation on the bill, hence it’s passing by the Parliament.
- h) Following **intensive discussions with NFA over tree seedling offer**, PFCC-U reached an agreement on free tree seedling distribution to its members. Accordingly, MPs from Eastern and Northern region benefited from this initiative. In the preceding rain seasons, MPs from Western as well as Central will equally benefit. This partnership will go on to help MPs to become role models in tree planting in their constituencies.
- i) Well established **partnership and engagement with Food and Agriculture** in climate change interventions through PFCC-U activity based funding. This relationship is an indicator of strong professional growth and trust in PFCC-U ability in influencing policy work in the country.
- j) **Integration of IRM principles and approaches in national plans, strategies and programming and developments.** For example, during the consultative meeting on

enriching the Draft Terms of Reference (TOR) to support the Ministry of Water and Environment in development of the Uganda National Adaptation Plan by CCD/MWE, held on 23 May 2017 in Sports View Hotel-Wakiso, it was emphasised that IRM components be taken note of. Similarly, in the draft strategic Options Report for Uganda's REDD+.

- k) **Mentioning and Mainstreaming of Climate Change Principles during Parliamentary debates and discussions.** PFCC-U members have been spearheading and guiding parliamentary debates on climate change in plenary of the floor of Parliament. Emphasis, has been put in the need to tackle climate change in comprehensive and broad-based manner integrating ecosystems, climate change and disaster risk reduction. This is evidenced in the Hansard of Parliament recordings and following up parliamentary debates on Uganda Broadcasting Services (UBC) Television.
- l) **Recognition of PFCC-U role in non-state actor engagements and discussions.** As a result of capacity strengthening of PFCC-U members, MPs belonging to PFCC-U are always invited and given opportunity to direct climate change debates and resolutions during dialogues and workshops. On average, five PFCC-U members are invited in climate change meetings every week, since they have portrayed competence and knowledge on climate change, environment and disaster risk reduction.
- m) **Increment of budget allocation to the Ministry of Water and Environment.** Due to continuous capacity strengthening and IRM dialogue meetings on the need for increased budget allocation on environment and climate change interventions in the country. National Resource Committee of Parliament and the general Parliament has been mobilised and advocated on the need for addressing environmental degradation and climate change adaptation and mitigation in the country. For example, this Financial Year (FY) 2017/2018, Water and Environment sector has been allocated 595 billion Uganda Shillings from 217 Billion last FY2016/2017. The minister also noted an allocation of 23 billion Shillings to construct valley dams across the country while 4.4 billion Shillings has been availed for a cotton processing plant in Pader district. Also availed is a 39-billion-shilling allocation to facilitate operations of extension workers to enable them reach farmers and guide them on best farming practices.

8.0 LESSONS GENERATED DURING THE GRANT PERIOD

- I) Patience is very much required in policy and legal framework development. Due, to systematic processes and steps required to achieve a comprehensive and broad-based and proactive law. For example, climate change bill have dragged due to number of steps and stakeholders involved.
- II) Understanding and appreciation of key stakeholders is very much relevant in advancing IRM issues in a country like Uganda with number of development priorities
- III) PfR engagement, reflection and sharing among themselves as well as participation in one another's activity is key since it provides opportunity for learning and moving in the same direction. Generally, it helps to foster backward and forward synergies

9.0 CHALLENGES ENCOUNTERED

Despite the above milestones reached at in the quarter, the following are some of the challenges;

- a) The Forum has made a number of linkages with different partners and made commitments for follow up despite the lack of finances to fulfil them. This therefore has called for enormous fundraising actions and support in order to realize some of these commitments.
- b) High expectations and demand from PFCC-U members. As MPs continue to appreciate climate change challenges in Uganda, demand for constituency interventions continue to grow. Yet, the forum cannot meet all their demand due to financial constraints.
- c) Monthly Membership fees withdrawal by some members yet they still want to be considered members of the Forum.

10.0 RECOMMENDATIONS AND THE FUTURE

These included:

- i) Climate change information and constituency based actions are required to concretely address issues of mitigation and adaptation through parliamentarians as political voices in their communities
- ii) The Forum, through Executive Committee needs to develop clear linkage, networking and partnership with the Natural Resources Committee and other Committees of Parliament.
- iii) There is need for joint constituency climate change and renewable energy initiatives between development partners and PFCC-U. This will help to reach vulnerable constituencies with practical solutions

4.0 CONCLUSIONS

This period provided an ample opportunity for PFCC-U growth, development and future in climate change mitigation as well as adaptation. With, the 10th Parliament, PFCC-U envisions greater strides in its work and mandate. Lastly, special appreciation goes to GIZ, Cordaid, UNDP, FAO, CCD/MWE and all partners for the continued financial, capacity and moral support towards PFCC-U work and operations. Above all, we thank all PFCC-U membership, for your commitment and passion in all PFCC-U work.

I wish you fruitful deliberations.

I thank you

For God and My Country,

Hon. Alex Bakunda Byarugaba

MP, Isingiro South

Chairperson, Natural Resources Committee

Secretary, Parliamentary Forum on Climate Change Uganda
